

修士課程国際大学院コース（C）国内出願について

まず、志望教員に必ず事前にコンタクトをしてください。

本プログラムでは、筆答試験と口頭試問を行います。筆頭試験では解析、線形代数を出題します。また、口頭試問では、自己アピール、入学後の研究構想についてプレゼンテーションしていただくとともに、専門分野の学力について試問します。

面接会場での資料の持込、配布および発表用機器（OHP、プロジェクター等）の使用はできません。

### International Graduate Program (C) Domestic Application Master's program

Applicants must arrange for a faculty member to serve as an academic advisor prior to submitting the application materials to the Admission Division. Applications will not be considered without the consent of a faculty member who would act as academic advisor.

The entry exam is composed of i) a paper-based test on analysis and linear algebra and ii) an interview. At the interview, applicants are required to present their strong points and research proposal together with answering to questions related to their own specialized field.

At the interview, applicants can neither distribute any documents/materials nor use projectors.
